FOR MEMBER: Options of \$10,000 to \$1,000,000* (in multiples of \$10,000)

FOR SPOUSE: Options of \$10,000 to \$1,000,000* (in multiples of \$10,000, may not exceed member's coverage)

In addition, the total amount of coverage for a member insured by more than one group policy - or more than one organization participating in such a group policy - issued by New York Life Insurance Company to the Trustee of the Engineering Associations Insurance Trust, (of which your association is a participant), may not exceed the maximum benefit option for any insured person.

FEATURES

Economical Rates

This program is combined for experience within an insurance trust made up of similar organizations. The combined membership of these organizations means you benefit from economical rates.

VALUABLE BENEFIT...

with no increase in premium contributions

The Living Benefit or "accelerated death benefit" is designed to provide members with the option to have a portion of a terminally ill insured's life insurance benefit paid while he/she is still alive.

The money received under this feature can be used however you see fit. For example, it can help pay medical bills and other outstanding debts and financial obligations ... it can help you keep your savings and assets intact ... it can help you maintain your quality of living.

To qualify for this benefit, a person must be insured under this program and diagnosed as having a life expectancy of 12 months or less. Proof of terminal illness will consist of a statement from a doctor and any other medical information New York Life Insurance Company believes necessary to confirm the person's status.

You can request payment equal to 50% of a qualified terminally ill person's in force coverage. The request must be made at least 12 months prior to that person's scheduled coverage termination age, and the amount payable after the insured's death will be reduced by this payment. (Premium contributions will not be reduced.) If a scheduled reduction will occur within one year of the date the advance payment will be made, the benefit payable will be 50% of the reduced coverage. (See "Amounts of Insurance At Member Ages 60 through 79.") Note: An insured will be eligible for only one terminal illness benefit during his/her lifetime.

Please note that the receipt of this benefit may affect your eligibility for public assistance programs and may be taxable.

You may wish to consult the appropriate social services agency and a qualified tax advisor about how this may affect your personal situation.

No Exclusions

Benefits will be paid in the event of death, anywhere in the world regardless of cause. The validity of any amount of your insurance which has been in force for two years during your lifetime will not be contested except for insurance eligibility provisions or nonpayment of premium contributions.

Your Choice of Beneficiary

You may select any person, persons, trust or other legal entity as your beneficiary. If, at the time of your death, there are no surviving beneficiaries, benefits will be paid to the executor or administrator of your estate, or at the option of New York Life, to the surviving relatives in the following order of survival: spouse; children equally; parents equally; or brothers and sisters equally.

Premiums Are Waived If You're Totally Disabled

If you become totally disabled before age 60, and remain so disabled for six months or longer, your insurance will be continued as long as you remain totally disabled – for both you and your insured family members – without additional premium contributions until coverage terminates when you reach age 80. The amount continued will be based on the options under which you and your dependents were insured at the time your disability began, subject to the scheduled decreases shown in "Amounts of Insurance At Member Ages 60 through 79." You may be asked to provide evidence of your continued total disability from time to time.

When Coverage Ends

Insurance for you can remain in force to age 80, and for your insured dependents as long as they remain otherwise eligible, provided:

(a) you continue to pay premium contributions when due; (b) you remain a member of the participating association, (c) the association continues to be a participating organization; and (d) the group policy is not terminated or modified by the Policyholder or New York Life Insurance Company to end insurance for the group of insureds to which you belong. Upon your death, coverage for insured dependents may continue as described in the Certificate of Insurance.

Group Conversion Privilege

The program provides conversion privileges under certain circumstances of involuntary termination as described in the Certificate of Insurance.

AMOUNTS OF INSURANCE AT MEMBER AGES 60 THROUGH 79

The amount of life insurance for you and your spouse is based on your age at last birthday and decreases on the premium due date coinciding with or immediately after you enter a new age category. After member's age 59, coverage decreases for each \$10,000 member and spouse option. Premiums do not reduce. (The amount of children's insurance does not decrease.)

Member's Age	Each \$10,000 Member and Spouse Option
Under age 60	\$10,000
60–64	\$6,000
65–69	\$3,500
70–74	\$2,500
75–79†	\$1,500

† Coverage terminates at member age 80 – see Group Conversion Privilege.

Benefit option amounts are not guaranteed and are subject to change by agreement between New York Life Insurance Company and the Trustee of the Engineering Associations Insurance Trust.

EFFECTIVE DATE

You and your dependents will become insured on the date specified by New York Life Insurance Company provided the initial premium contribution has been paid, satisfactory evidence of insurability has been submitted, you are not Totally Disabled (incapacitated by injury or sickness which completely and continuously prevents you from engaging in any business or occupation for pay or profit), and any dependent proposed for insurance is not home or hospital confined or incapacitated so as to be unable to perform his/her normal activities. Coverage for any dependent who is confined at home, in a hospital or other medical institution or incapacitated so as to be unable to perform his or her normal activities on the date coverage would otherwise become effective will not become effective until the date he or she is no longer so confined or incapacitated, provided you are insured on that day and the dependent is still eligible for insurance. Payment of a premium contribution for insurance does not mean there is any coverage in force before the effective date as specified by New York Life Insurance Company.

CERTIFICATE OF INSURANCE

This brochure contains only a brief description of some of the principal provisions and features. The complete terms and conditions are set forth in the group policy issued by New York Life Insurance Company to the Trustee of the Engineering Associations Insurance Trust.

When you become insured, you will be sent a Certificate of Insurance summarizing your benefits under the program.

30-DAY FREE LOOK

If you're not completely satisfied with the terms of your Certificate of Insurance, you may return it, without claim, within 30 days. Your coverage will be invalidated, and you will be sent a full refund, no questions asked!

RENEWAL PAYMENTS AND CLAIMS

Once you are accepted into the program, you will have a 31-day grace period for your payment of renewal premium contribution. When you want to submit a claim, call or write the Administrator for claim forms.

The cost increases as you, the member, grow older. Premium contributions will vary depending upon the options chosen. All eligible children can be insured under the \$10,000 option for \$5.30 semiannually.

Member's Age	Member \$10,000 Option	Spouse \$10,000 Option
Under 30	\$4.50	\$3.60

65-69**†	44.30	31.40

**Based on member's age, amounts of coverage decrease for member and spouse. See "Amounts of Insurance At Member Ages 60 Through 79." Coverage terminates at age 80. See "Group Conversion Privilege."

†Contact Administrator for renewal rates at ages 70-79.

If applicable, an additional \$2 billing fee will be included on your billing notice payable to the administrator. To save the fee, select Electronic Funds Transfer (EFT) as a safe and secure payment option.

The premium contributions shown reflect the current rate and benefit structure. Premium contributions may be changed by New York Life Insurance Company on any premium due date, but not more often than once in any 12-month period, and any date on which benefits are changed. However, your rates may change only if they are changed for all others in the same class of insureds under this group policy. For example, a class of insureds is a group of people all with the same issue age. Benefit option amounts are subject to change by agreement between New York Life and the Trustee of the Engineering Associations Insurance Trust.

How To Calculate Your Semiannual Cost*

To find the semiannual premium contribution for member options in excess of \$10,000, multiply the amount shown for the \$10,000 member option by the number of \$10,000 multiples in the option desired (e.g., for \$150,000 at age 33, multiply \$5.20 by 15 = \$78.00).

To find the semiannual premium contribution for spouse options in excess of \$10,000, multiply the amount shown for the \$10,000 spouse option by the number of 10,000 multiples in the option desired (e.g., for \$50,000 at member's age 33, multiply \$4.00 by 5 = \$20.00).

Add the cost for spouse (and children's) coverage to the member's cost if this additional coverage is requested.

*If you select the convenient monthly Electronic Funds Transfer (EFT) option, your monthly cost will be approximately one-sixth of the semiannual cost shown. If you select annual billing, your cost will be twice the semiannual cost shown. (Note: the amount billed may differ slightly due to rounding.)
